In re

Petitions Regarding the Use of Signal Boosters)	
and Other Signal Amplification Techniques)	WT Docket No. 10-4
Used with Wireless Services)	

To: Chief, Mobility Division, Wireless Telecommunications Bureau

MOTION OF WILSON ELECTRONICS, INC.
FOR AN EXTENSION OF TIME

Wilson Electronics, Inc. ("Wilson"), by its attorney and pursuant to § 1.46(b) of the Commission's Rules ("Rules"), hereby requests that the Commission extend the time within which to file reply comments in the above-captioned proceeding to March 8, 2010. In support thereof, the following is respectfully submitted:

1. Wilson was one of the five parties that submitted petitions that prompted the Commission to call for comments regarding the proper use of signal boosters on frequencies licensed under Parts 22, 24, 27 and 90 of the Rules. *See* Public Notice, DA 10-14, 2010 WL 25749, at *1 (Jan. 6, 2010). Wilson will be filing reply comments in the proceeding, which are presently due to be filed on February 22, 2010. *See id.*

2. Due to the impending snow storm, the Commission closed four hours early on February 5, 2010, the day on which comments were due to be filed. Consequently, February 5, 2010 became a holiday. *See* 47 C.F.R. § 1.4(e)(1). Because of the subsequent blizzard, the Commission remained closed until February 12, 2010, which became the new filing date for submitting comments. *See id.* § 1.4(e)(4).

3. The Commission intended to afford parties eleven business days to prepare and file their reply comments. In light of the new deadline for filing comments, the Commission

should extend the time to file reply comments by at least one week in order to preserve the eleven-business day filing period. However, Wilson's review of the comments that have been posted to date on the ECFS has led it to conclude that it will need additional time to adequately respond to the technical issues raised by some of the commenters. Accordingly, Wilson respectfully requests that the Commission announce that the new deadline for filing reply comments will be March 8, 2010.

4. Grant of this motion will serve public interest by ensuring that all interested parties have adequate time to submit reply comments that will conduce to the appropriate resolution of the matters at issue.

For all the foregoing reasons, Wilson respectfully requests that the Commission extend the time within which to file reply comments in this proceeding to March 8, 2010.

Respectfully submitted,

Russell D. Lukas
